SINCE 1975

Performance Series™

57 Day Supply

Experience the new technology in hoof health.

- Increases circulation - improves vascular health within the hoof capsule
- Creates an active, healthy blood supply to the foot encouraging the exchange of nutrients that create the hoof wall
- Maintains the health of both the corium and elastic tissue
- Balances moisture content internally
- Promotes normal growth and healthy appearance of the hoof
- Regenerates bone, soft tissue structures and ungual cartilage
- Boosts the immune system response
